## Building New York's Future & Restoring Its Past

### About the STA

---

The Subcontractors Trade Association was established in July, 1966 by a group of subcontractors and suppliers with a vision that saw the need for representation. We have a membership of several hundred subcontractors and suppliers in the greater New York area drawn from almost every discipline in the construction industry.

Our goal is to improve the economic well being of our members through representation, support and assistance through the process of legislation, legal action, public relations, education and other public information programs.

We focus our activities on problems affecting subcontractors in public and private construction, including progress payments, bid-shopping, improper back charges, legislation, prevailing wage enforcement, lien laws, insurance/bonding, among other concerns.

#### The Value of your Membership

---

- **Legislation Initiatives**
- **Educational Programs**
- **Payment Practices Information**  
StayAlert Lien Reports
